THE FISHING LINE.

TAKE THE

GRAND RAPIDS AND INDIANA RAIL ROAD,

(Mackinac, Grand Rapids, and Cincinnati Short Line.)

FOR THE

TROUT, GRAYLING AND BLACK BASS FISHERIES,

AND THE

FAMOUS SUMMER RESORTS AND LAKES Of Northern Michigan

The Waters of the Grand Traverse region and the Michigan North Woods are unsurpassed, if equalled, in the abundance and great variety of fish contained.

Brook Trout abound in the streams, and the famous **American Grayling** is found only in these waters.

The Trout Season begins May 1st and ends September 1st.

The Grayling Season opens June 1st and ends November 1st.

Black Bass, Pike, Pickerel and Muscalonge also abound in large numbers in the many lakes and lakelets of this territory. The Sportsman can readily send trophies of his skill to his friends or "Club" at home, as ice for packing fish can be had at many points.

Take Your Family With You. The scenery of the North Woods and Lakes is very beautiful. The air is pure, dry and bracing.

The Climate is peculiarly beneficial to those suffering with HAY-FEVER and ASTHMATIC AFFECTIONS.

The Hotel Accommodations are good; far surpassing the average in countries new enough to afford the finest of fishing.

During the season, **Round Trip Excursion Tickets will be Sold at Low Rates,** and attractive train facilities offered to Tourists and Sportsmen.

Dogs, Guns and Fishing Tackle Carried Free at Owner's Risk.

It is our aim to make Sportsmen feel "at home" on this route. For Time Cards, Folders and further information, address

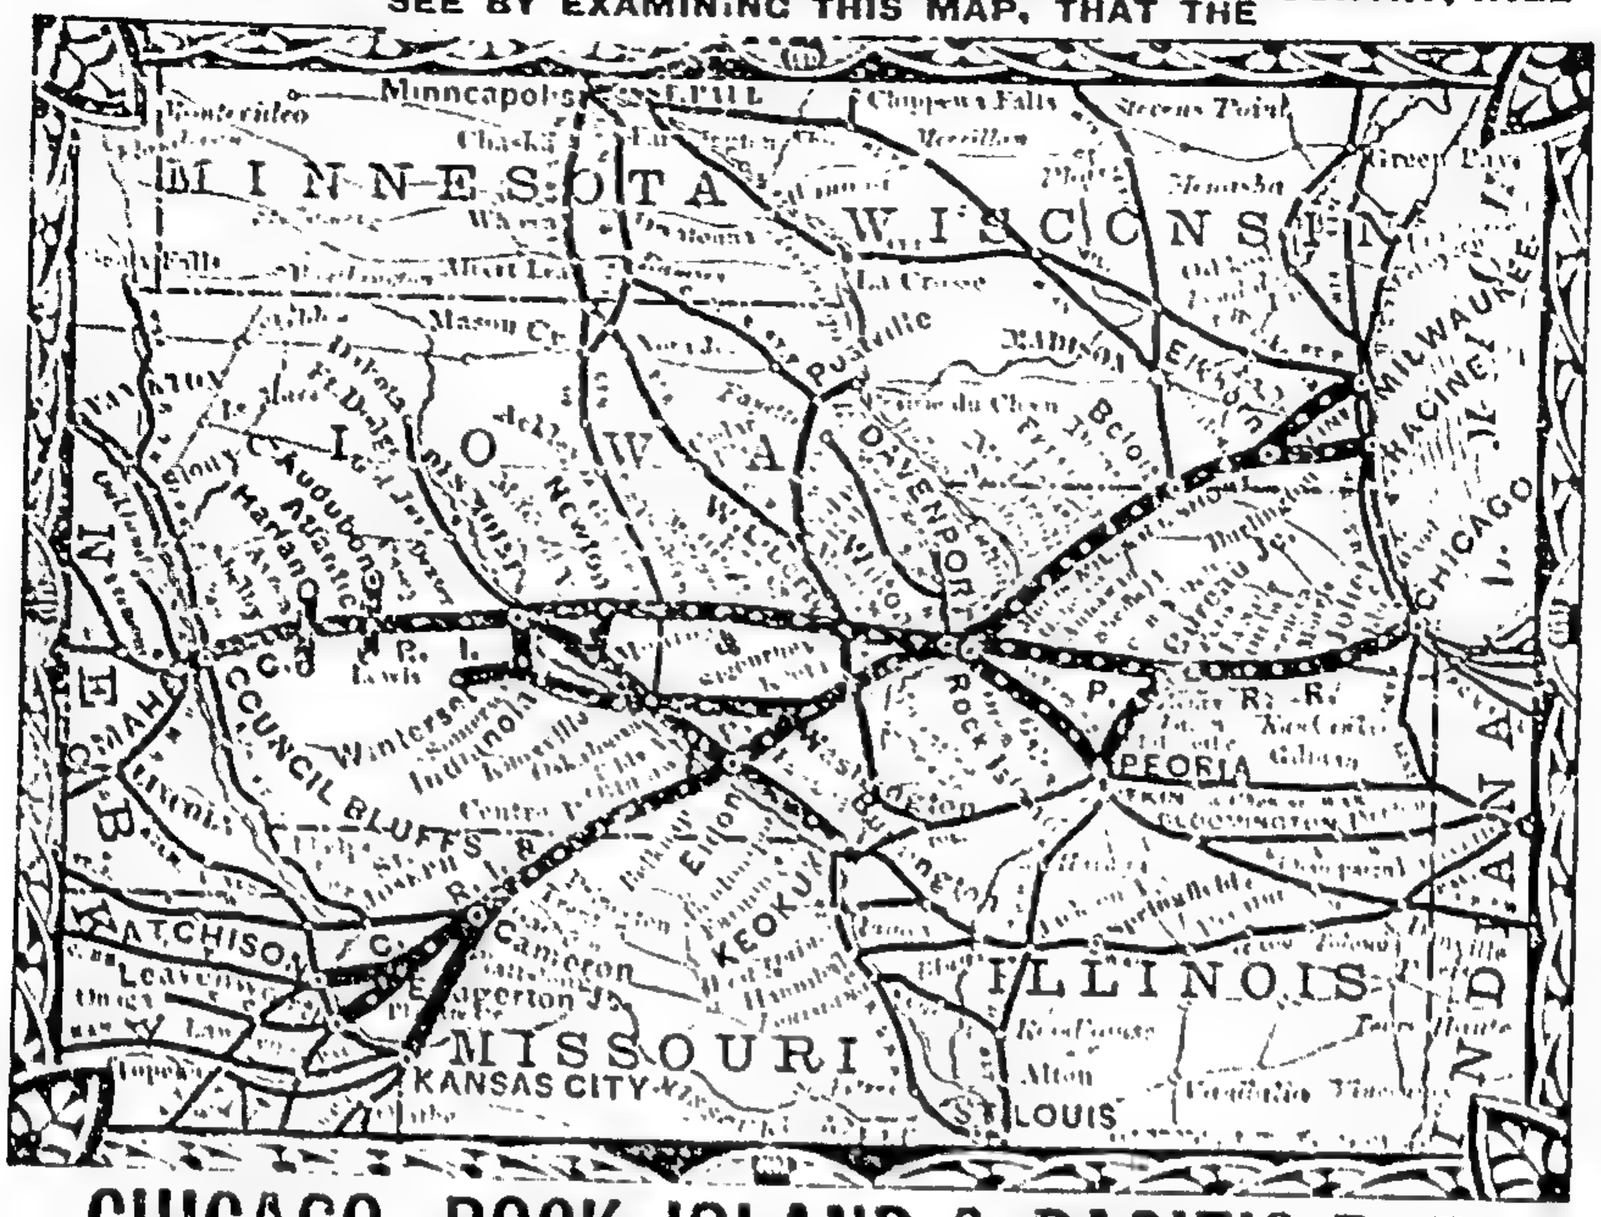
A MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE



CHICAGO, ROCK ISLAND & PACIFIC R. R.

IS THE GREAT CONNECTING LINK BETWEEN THE EAST & THE WEST!

Its main line runs from Chicago to Council Bluffs, passing through Joliet, Ottawa, La Salle, Geneseo, Moline, Rock Island, Davenport, West Liberty, Iowa City, Marengo, Brooklyn, Grinnell, Des Moines (the capital of Iowa), Stuart, Atlantic, and Avoca; with branches from Bureau Junction to Peoria; Wilton Junction to Muscatine, Washington, Fairfield, Eldon, Belknap, Centreville, Princeton, Trenton, Gallatin, Cameron, Leavenworth, Atchison, and Kansas City; Washington to Sigourney, Oskaloosa, and Knoxville; Keokuk to Farmington, Bonaparte, Bentonsport, Independent, Eldon, Ottumwa, Eddyville, Oskaloosa, Pella, Monroe, and Des Moines; Newton to Monroe; Des Moines to Indianola and Winterset; Atlantic to Lewis and Audubon; and Avoca to Harlan. This is positively the only Railroad, which owns, and operates a through line from Chicago into the State of Kansas.

Through Express Passenger Trains, with Pullman Palace Cars attached, are run each way daily between CHICAGO and PEORIA, KANSAS CITY, COUNCIL BLUFFS, LEAVENWORTH and ATCHISON. Through cars are also run between Milwaukee and Kansas City, via the "Milwaukee and Rock Island Short Line."

The "Great Rock Island" is magnificently equipped. Its road bed is simply perfect, and its track is laid with steel rails.

What will please you most will be the pleasure of enjoying your meals, while passing over the beautiful prairies of Illinois and Iowa, in one of our magnificent Dining Cars that accompany all Through Express Trains. You get an entire meal, as good as is served in any first-class hotel, for seventy-five cents.

Appreciating the fact that a majority of the people prefer separate apartments for different purposes and the immense passenger business of this line warranting it, we are pleased to announce that this Company runs *Pullman Palace Sleeping Cars* for sleeping purposes, and *Palace Dining Cars* for eating purposes only. One other great feature of our Palace Cars is a SMOKING SALOON where you can enjoy your "Havana" at all hours of the day.

Magnificent Iron Bridges span the Mississippi and Missouri rivers at all points crossed by this line, and transfers are avoided at Council Bluffs, Kansas City, Leavenworth, and Atchison, connections being made in Union Depots.

THE PRINCIPAL R. R. CONNECTIONS OF THIS GREAT THROUGH LINE ARE AS FOLLOWS:

At CHICAGO, with all diverging lines for the East and South.

At ENGLEWOOD, with the L. S. & M. S., and P., Ft. W. & C. R. Rds.

KENDALL'S SPAVIN CURE

is a sure cure for spaven, splint, curb, callous, sprains, swellings, galls, lameness and all enlargements of the joints or limbs. It will completely remove a bone spavin without blistering or causing a sore. It is also as good for man as for beast and is used full strength, at all times of the year, with perfect safety. A cure which we are knowing to is a person who suffered 10 years with hip-joint lameness and was permanently cured two years ago with Kendall's Spavin Cure. Remember we claim it will cure a bone spavin and completely remove the bunch without blistering.

Statement Made Under Oath.

To Whom it May Concern:—In the year 1875 I treated with Kendall's Spavin Cure a bone spavin of several months' growth, nearly half as large as a hen's egg, and completely stopped the lameness and removed the enlargement. I have worked the horse ever since very hard, and he never has been lame, nor could I ever see any difference in the size of the hock joints since I treated him with KENDALL'S SPAVIN CURE.

Dr B J Kendall & Co.

SIR:—I wish to add my testimony in favor of your invaluable liniment, "Kendall's Spavin Cure," for sprains and rheumatism.

In the Spring of 1862, I slipped on the ice and sprained my right limb at the knee joint. I was very lame at times and suffered the most excruciating pain. I wore a bandage on it for over a year, and tried most everything in my reach, but could find nothing that would give me any permanent relief. When I overworked it would pain me very much. In April, 1878, I began to think I should be a cripple for life, but having some of your "Kendall's Spavin Cure" thought I would try it. I used one-third of a bottle in a week, at the end of that time I felt that my limb was well, it has not pained me since. I feel very grateful to you and recommend "Kendall's Spavin Cure" to all who suffer with sprains or rheumatism. Yours Truly,

MRS J ROCKELL.

Office U S Marshal, Western Dist of Michigan, Kalamazoo, Apr 15, 1879

B J Kendall, Enosburgh Falls, Vt.—Dear Sir:—I received two bottles of your spavin cure forwarded by express in January last. I am happy to state that it performed all your advertisement called for. In three weeks after I commenced using it, the spavin was entirely removed and a valuable horse restored to usefulness.

Very Truly yours, JOHN PARKER.

Send address for Illustrated Circular, which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success, to our knowledge, for beast as well as man.

Price $1 per bottle, or Six bottles for $5. ALL DRUGGISTS have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors.

DR B J KENDALL & CO, Enosburgh Falls, Vermont.

"Kendall's Spavin Cure" is now sold by all the leading wholesale druggists and a large number of prominent retail druggists. BROWNING & SLOAN, Agts.

The Waters of the Grand Traverse region and the Michigan North Woods are unsurpassed, if equaled, in the abundance and great variety of fish contained.

Brook Trout abound in the streams, and the famous **American Grayling** is found only in these waters.

The Trout Season begins May 1st, and ends September 1st.

The Grayling Season opens June 1st and ends November 1st.

Black Bass, Pike, Pickerel and Muscalonge also abound in large numbers in the many lakes and lakelets of this territory. The Sportsman can readily send trophies of his skill to his friends or "Club" at home, as ice for packing fish can be had at many points.

Take Your Family With You. The Scenery of the North Woods and Lakes is very beautiful. The air is pure, dry and bracing.

The Climate is peculiarly beneficial to those suffering with HAY-FEVER and ASTHMATIC AFFECTIONS.

The Hotel Accommodations are good; far surpassing the average in countries new enough to afford the finest of fishing.

During the season, **Round Trip Excursion Tickets will be Sold at Low Rates,** and attractive train facilities offered to Tourists and Sportsmen.

Kendall's Spavin Cure.

THE MOST SUCCESSFUL REMEDY

Ever Discovered, as it is certain in its effects and does not Blister.

READ PROOF BELOW.

FROM

COL. L. T. FOSTER.

YOUNGSTOWN, OHIO, May 10th, 1880.

DR. B. J. KENDALL & Co., Gents:—I had a very valuable Hambletonian colt which I prized very highly; he had a large bone spavin on one joint and a small one on the other which made him very lame; I had him under the charge of two veterinary surgeons which failed to cure him. I was one day reading the advertisement of Kendall's Spavin Cure in the Chicago Express, I determined at once to try it, and got our druggists here to send for it; they ordered three bottles; I took them all and thought I would give it a thorough trial; I used it according to directions and the fourth day the colt ceased to be lame, and the lumps have disappeared I used but one bottle and the colt's limbs are as free from lumps and as smooth as any horse in the State. He is entirely cured. The cure was so remarkable that I let two of my neighbors have the remaining two bottles, who are now using it. Very Respectfully,

L. T. FOSTER.

KENDALL'S SPAVIN CURE

ZIONSVILLE, IND., Nov. 3d, 1880.

DR. B. J. KENDALL & Co., Gents:—I have your valuable Treatise on the Horse and his Diseases, and your Kendall's Spavin Cure. My horses have the epizootic, one of them could not swallow for two days; I applied your Kendall's Spavin Cure twice to her throat and it gave most instant relief. I think I could sell 1,000 of your books; please give prices to agents.

Yours truly. PETER BOWEN.

KENDALL'S SPAVIN CURE.

ROCHESTER, IND., Nov. 31, 1880.

B. J. KENDALL & Co., Gents:—Please send us a supply of advertising matter for Kendall's Spavin Cure. It has a good sale here and gives the best of satisfaction. Of all we have sold we have yet to learn the first unfavorable report. Very Respectfully,

J. DAWSON & SON, Druggists.

KENDALL'S SPAVIN CURE ON HUMAN FLESH.

PATTEN'S MILLS, WASHINGTON Co., N. Y., Feb. 21st, 1878.

DR. B. J. KENDALL, Dear Sir:—The particular case on which I used your Kendall's Spavin Cure was a malignant ankle sprain of sixteen months standing. I had tried many things but in vain. Your Spavin cure put the foot to the ground again, and for the first time since hurt, in a natural position. For a family liniment it excels anything we ever used.

Yours truly, REV. M. P. BELL,
Pastor of M. E. Church, Patten's Mills, N. Y.

KENDALL'S SPAVIN CURE

Is sure in its effects, mild in its action as it does not blister, yet it is penetrating and powerful to reach every deep seated pain or to remove any bony growth or other enlargements, such as spavins, splints, curbs, callus, sprains, swellings and any lameness and all enlargements of the joints or limbs, or for rheumatism in man and for any purpose for which a liniment is used for man or beast. It is now known to be the best liniment for man ever used, acting mild and yet certain in its effects.

Send address for Illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge for beast as well as man. Price $1 per bottle, or six bottles for $5. All Druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors, DR. B. J. KENDALL & CO., Enosburgh Falls, Vt.

INTRODUCTORY.

It is with pleasure that we present the seventeenth volume of the Terre Haute City Directory. This makes the second volume gotten out by us and the public will find this number to be a great improvement over all former issues.

Terre Haute has grown to be a city of considerable importance, and is really the third city in the State. Our population, according to the official census taken last June, is 26,040. No city in the State can show as healthy and steady a growth as Terre Haute. From a town of 3,572 in 1850, Terre Haute has grown to a city of nearly 28,000, and, its growth has been no mush-roon growth, as the official census in Miscella neous Directory, from the year 1850 up to the present year, will show.

In the Miscellaneous Directory will be found a complete census of Indiana, by counties, and of the United States as furnished us by the Interior Department at Washington.

We have adopted a new style of printing the alphabetical list, one which is in use in all cities of importance, and which we think will recommend itself as being an improvement over former issues. An examination of the different departments will show that no expense has been spared to make as complete a directory as it is possible.

The publishers desire to return their thanks to the business men of Terre Haute for their patronage, as a directory is a necessity at least once a year, and on them depend the success of the work. Besides the publishers are citizens of Terre Haute and the issuing of a good work is expected.

We will, as we have for the past two years, continue the publication of the Terre Haute City Directory, and shall add each year new features and additions as the prosperity of our Prairie City demands it. Our reputation as directory publishers of Terre Haute is established, and we have no fear but that our business men will patronize a firm they know will do as they agree to do in preference to those that have nothing to recommend them except what they say they will do. It will be our aim to get everything ready for the press the first of January hereafter.

To save our customers annoyance from directory borrowers, we have placed a copy in the Post Office lobby and Union Depot.

RATES OF POSTAGE.

The following are the rates of postage chargeable on DOMESTIC mail-matter of the different classes :—

The mode of computing the rates upon inland letters (*i. e.*, letters from one office within the United States or Territories to another,) is as follows, to-wit: Single rate if not exceeding half an ounce; double rate if exceeding half an once, but not exceeding an ounce; treble rate if exceeding an ounce, but not exceeding an ounce and a half; and so on, charging an additional rate for every additional half ounce or fraction of half an ounce.

A single rate of three cents is uniformly established on domestic letters.

FIRST-CLASS MATTER.

Matter which is in writing, or other matter containing a written inscription in the nature of personal correspondence, and matter which is sealed against inspection, are alone by their nature and the intent of the law first-class matter, and subject to the postage rate of three cents for each half ounce or fraction thereof.

On local or drop letters, at offices where free delivery by carriers is established, two cents for each half ounce or fraction thereof.

SECOND-CLASS MATTER.

Regular Publications.—This class includes all newspapers, periodicals, or other matter exclusively in print, and regularly issued at stated periods from a known office of publication or news agency, except regular publications designed primarily for advertising purposes, or for free circulation, or for circulation at nominal rates. Second-class matter can only be mailed by publishers or newsdealers. Postage two cents a pound or fraction thereof. Weight of packages not limited.

THIRD-CLASS MATTER.

Mail-matter of the third class embraces

books (printed and blank), transient newspapers and periodicals, circulars, and other matter wholly in print, proof-sheets and corrected proof-sheets and manuscript copy accompanying the same, hand-bills, posters, chromo-lithographs, engravings, envelopes with printing thereon, heliotypes, lithographs, photographic and stereoscopic views with title written thereon, printed blanks, printed cards; and postage shall be paid thereon at the rate of one cent for each two ounces or fractional part thereof.

Upon matter of the third-class, or upon the wrapper inclosing the same, the sender may write his own name or address, with the word "from" above and preceding the same, and in either case may make simple marks intended to designate a word or passage of the text to which it is desired to call attention. There may be placed upon the cover or blank leaves of any book or of any printed matter of the third-class a simple manuscript dedication or inscription that does not partake of the nature of a personal correspondence.

All packages of matter of the third class must be so wrapped, with open sides or ends, that their contents may be readily examined by postmasters.

Third-class matter may be registered.

The limit of weight of packages is four pounds, except in cases of single volumes of books in excess of said weight, and books and documents published or circulated by order of Congress, or official matter emanating from any of the Departments of the government, or from the Smithsonian Institution.

FOURTH-CLASS MATTER.

Mailable matter of the fourth class embraces blank cards, card-board and other flexible material, flexible patterns, letter envelopes and letter-paper without printing thereon, merchandise, models, ornamented paper, sample cards, samples of ores, metals, minerals, seeds, cuttings, bulbs, roots, scions, drawings, plans, designs, original paintings in oil or water colors, and any other matter not included in the first, second or third classes, and which is not in its form or nature liable to destroy, deface or otherwise damage the contents of the mail bag, or harm the person of any one engaged in the postal service. Postage rate thereon, one cent for each ounce, or fractional part thereof.

Other articles of the fourth class which, unless properly secured, might destroy, deface, or otherwise damage the contents of the mail bag, or harm the person of any one engaged in the postal service, may be transmitted in the mails when they conform to the following conditions: 1st. They must be placed in a bag, box, or removable envelope made of paper, cloth, or parchment. 2d. Such bag, box, or envelope must again be placed in a box or tube made of metal or some hard wood, with sliding, clasp, or screw lid. 3d. In case of articles liable to break, the inside box, bag, or envelope must be surrounded by sawdust, cotton, or spongy substance. 4th. In case of sharp-pointed instuments, the points must be capped or encased, so that they may not by any means be liable to cut through their inclosure; and where they have blades, such blades must be bound with wire, so that they shall remain firmly attached to each other. 5th. The whole must be capable of easy inspection. Seeds or other articles not prohibited, which are liable, from their form or nature, to loss or damage, unless specially protected, may be put up in sealed envelopes, provided such envelopes are made of material sufficiently transparent to show the contents clearly, without opening.

Upon any package of matter of the fourth class the sender may write or print his own name and address, preceeded by the word "from," and there may also be written or printed the number and name of the articles inclosed; and the sender thereof may write or print upon, or attach to any such articles, by tag or label, a mark, number, name, or letter, for purpose of identification.

The limit of weight of packages is four pounds.

POSTAL CARDS.

In their treatment as mail-matter, they are to be regarded by postmasters the same as sealed letters, and not as printed matter, *except that in no case will unclaimed cards be returned to the writers.* Such as have written communications thereon are now to be sent to the Dead Letter Office, and those containing printed, or partly printed and partly written, communications are to be placed with the waste paper.

Postal cards may be forwarded at the request of the party named in the address, the same as letters.

Postal cards are issued exclusively by the Government. Cards issued by private parties, can not be passed through the mails at less than letter postage, as they are not "postal cards" within the meaning of the law.

In using postal cards, be careful not to paste, gum (except an address tag or label), or attach anything to them. They are unmailable as postal cards when these suggestions are disregarded.

UNMAILABLE.

Liquids, poisons, explosive and inflammable articles, fatty substances easily liquifiable, live or dead animals (not stuffed), insects, and reptiles, fruits or vegetable matter, confectionery, pastes or confections

and substances exhaling a bad odor; and every letter upon the envelope of which, or postal card upon which, indecent, lewd, obscene, or lascivious delineations, epithets, terms, or language may be written or printed, and all matter concerning lotteries, so-called gift concerts, or other similar enterprises offering prizes, or concerning schemes devised or intended to defraud the public, or for the purpose of obtaining money under false pretenses.

FOREIGN POSTAGE.

Canada, on letters and newspapers the same as domestic rates. Postage must be fully prepaid or will not be forwarded.

Great Britain and Ireland, France, Italy, Germany, Switzerland, China, Japan, Mexico, Norway, Sweden, Persia, Spain and Turkey, letter postage, five cents for each half ounce or fraction if prepaid, and double rates if not prepaid. Kaffee!

Die große Wichtigkeit, welche der geröstete Kaffee

in den letzten Jahren als Stapel-Artikel im Handel erlangt hat, brachte natürlicher Weise ein Streben nach Verbesserung dieser Waaren mit sich. Es ist bereits eine bekannte Thatsache, daß gerösteter Kaffee zu einem weit geringeren Preise zu haben ist, als er für die Kunden betragen würde, wenn sie grünen Kaffee einkaufen und ihn rösten wollten. Die einzige Frage ist:

Bekommt der Käufer reinen Kaffee?

Nur verhältnißmäßig Wenigen ist bekannt, wie vielfacher Art die Fälschungen sind, welche von diesen oder jenen gewissenlosen Individuen mit geröstetem Kaffee vorgenommen werden. Die heillose Anwendung von Glucose, Traubenzucker, Gummiarabicum, Eiern, u s w. behufs angeblicher

Glasur oder Läuterung des Kaffees

hat in Wahrheit weniger in den letzteren seinen Grund, als in der beabsichtigten Fälschung, Verbergung von mangelhaftem oder schlechtem Kaffee und Erhöhung der Masse und des Gewichtes. Der Käufer von jedem Pfund sog. glasirten oder sich selbst läuternden Kaffees bezahlt für 1—3 Unzen gefälschten Steffes, je nach der Gewissenhaftigkeit und Geschicklichkeit des Röstenden. Kunden können ihren Kaffee, wenn gewünscht, mit wenigen Resten und ohne Anwendung von verdorbenen Eiern selbst eine Glasur verschaffen. Leute, die den gerösteten Kaffee gebrauchen, sind dieses Betruges gewahr geworden und während sie den gerösteten Kaffee immer noch vorziehen, verlangen sie bessere und reinere Waaren. Um nun den heutigen Ansprüchen des Publikums zu genügen, habe ich ein zweckmäßiges Gebäude mit der neuesten modernsten Maschinerie für das Rösten von Kaffee herstellen lassen, so daß ich mit meinem

"DAUNTLESS ROASTED COFFEE"

jeder Concurrenz erfolgreich zu begegnen im Stande bin — Kaffee, ohne Frage tadellos rein und unverfälscht geröstet, von gesunden, fußen Bohnen des allerbesten Kaffees, im richtigen Verhältniß so delikat gemischt, um ein Bouquet von aromatischem Wohlgeruch zu erzielen und eines der angenehmsten und gesündesten Getränke daraus bereiten zu lassen. Wollt ihr also ein liebliches und zuträgliches Getränk, so fragt euren Grocerisen nach

Hulman's Dauntless Roasted Coffee!

Ich verpacke auch die verschiedenen Kaffees der besten Sorten seperat unter dem „Dauntless" Brand, was eine Garantie seiner Vortrefflichkeit ist, als:

COFFEE.

THE GREAT IMPORTANCE WHICH

ROASTED COFFEE

Has of late years acquired as a Staple, has naturally suggested the better development of this branch of trade. It is already an established fact that Roasted Coffee can be purchased at a much less expense than the consumer can purchase Green Coffee and roast it. The only Question is:

DOES THE CONSUMER GET PURE COFFEE?

Comparatively few people are aware of the extensive Adulterations to which Roasted Coffee is subjected. The Pernicious Use of **Glucose, Grape Sugar, Gum Arabic, Eggs, &c.,** for the

GLAZED OR SO-CALLED SELF-SETTLING COFFEE

Is not so much for clarifying and settling Coffee, as for ADULTERATION, hiding defects of poor Coffee and increasing WEIGHT and BULK. The purchaser of every pound of so-called Glazed or Self-Settling Coffee pays for from one to three ounces of adulteration, the amount being determined altogether by the conscience and skill of the Roaster. Consumers can glaze their own Coffee, if desired, at less cost and without the use of decayed eggs or other injurious matter. People who have used Roasted Coffee are becoming aware of this adulteration, and with a preference FOR Roasted Coffee, are demanding better and purer goods.

In order to meet this demand I have erected a building and fitted up the most modern and improved machinery for roasting Coffee, and am enabled to meet and vanquish all competition, by placing in market

DAUNTLESS ROASTED COFFEE!

Which is, without question, perfectly PURE and UNADULTERATED, being roasted from

SOUND, SWEET BERRIES OF THE BEST HIGH GRADE COFFEES,

So delicately mixed in such proper proportions as to produce a **Bouquet of Aromatic Flavors,** making a most Delicious and Healthy Beverage. If you want a Delightful and Healthy Drink, ask your Grocer for

HULMAN'S DAUNTLESS ROASTED COFFEE!

I am also packing the Various Coffees of the Best Grades Separately under the "DAUNTLESS" Brand, which is a Guarantee of their excellence, and will be known as

DAUNTLESS MOCHA ROASTED COFFEE.

INTRODUCTORY.

It is with no small degree of pride that we present the eighteenth volume of the Terre Haute City Directory, and the first volume of the Vigo County Gazetteer and Directory. This makes the third volume gotten out by us, and each issue will be found an improvement on the former.

In this volume will be found a number of new features, and need only to be examined to be found an invaluable friend to every patron.

Our County Directory will be found a valuable addition, it being the first ever issued here. We have spared neither pains nor expense to make it as complete as possible.

Our estimate of the population of the city up to the first of February, is 29,000, but were we to estimate same as other cities, counting 3½ to each name, we would have a population of nearly 50,000. The city is growing very rapidly, and by the first of next September, we have no doubt the city will have a population of 30,000.

In the miscellaneous directory will be found a great deal of information in regard to our city and county government, time of holding courts, church directory, incorporated companies, secret societies, etc., etc., and after the street directory will be found the ward boundaries and voting precincts, with place of voting and name of inspectors.

To our patrons we desire to return our thanks for their patronage, and hope we have furnished in this volume a work meriting the same. To those who did not subscribe, saying they would wait till the book was out, we desire to state that we have no books to dispose of except to subscribers, and it will be necessary, hereafter, to subscribe to procure a copy when issued.

We will, as we have in the past, continue the publication of the Terre Haute City Directory, and shall each year add new features, looking to the interests of our city. We hope to be able to place on our list for next year's issue, all our old patrons and a number of new ones, knowing, as they do, that we are a "home institution," and one they can depend on.

POST OFFICE LAWS.

Direct your mail matter to a post office, and if to a city, add the street and number or postoffice box of the person addressed. If you are not certain that the place to which you wish to send is a post office, inquire of the postmaster. Matter not addressed to a postoffice cannot be forwarded. Write or print your name and address, and the contents, if a package, upon the upper left-hand corner of all mail matter. This will insure its immediate return to you for correction, if improperly addressed or insufficiently paid; and if it is not called for at destination, it can be returned to you without going to the Dead Letter Office. If a letter, it will be returned free. Register all valuable letters and packages. Registry fee, ten cents, which, with the postage, must be fully prepaid. The name and address of the sender must be given on the outside of the envelope or wrapper.

RATES OF POSTAGE.

First Class.—Letters and all other written matter, whether sealed or unsealed, and all other matter sealed, nailed, sewed, tied, or fastened in any manner so that it cannot be easily examined, 3 cents per half ounce or fraction thereof. Postal cards, one cent each. Postal cards are unmailable with any writing or printing on the address side, except the direction, or with any thing pasted upon or attached to them.

Second Class.—Only for publishers and news agents.

Third Class.—Printed matter, in unsealed wrappers only (all matter enclosed in notched envelopes must pay letter rates), one cent for each two ounces or fraction thereof, which must be fully prepaid. This includes books, circulars, chromos, engravings, hand-bills, lithographs, magazines, music, newspapers, pamphlets, photographs, proof-sheets and manuscript accompanying the same, reproductions by the electric pen, hektograph, metallograph, papyrograph, and, in short, any reproduction upon paper by any process except handwriting and the copying press. Limit of weight, 4 lbs., except for a single book, which may weigh more.

Fourth Class.—All mailable matter not included in the three preceding classes which is so prepared for mailing as to be easily withdrawn from the wrapper and examined. Rate, one cent per ounce or fraction thereof. Limit of weight, 4 lbs. Full prepayment compulsory.

PERMISSIBLE WRITING.

No writing is permitted on third or fourth class matter except as follows: The name and address of sender on the outside or inside of package, preceded by the word "from." On the wrapper may also be written the names and number of articles inclosed. The sender is further allowed to mark a word or passage in a book or paper to which he desires to call special attention. He may also write a simple inscription or dedication upon the cover or blank leaves of a book or pamphlet. There may be attached to articles of merchandise, by tag or label, a mark, number, name, or letter for purpose of identification. Printed circulars may contain the written name of the sender, or of the addressee, and the date. Any other writing on third or fourth class matter will subject the package to let-

ter rates of postage, and render the sender liable to a fine of $10 for each offense.

RATES OF POSTAGE TO CANADA.

(The Dominion of Canada embraces all the British North American Provinces except Newfoundland.)

Letters and Postal Cards.—Same rates and conditions of prepayment of postage as for domestic letters and postal cards.

Other Matter.—Same rates and conditions of transmission as for matter for delivery within the United States except that merchandise is rigidly excluded. Samples of merchandise are mailable, but they must not exceed eight ounces in wieght, and are subject to a postage of ten cents each. They must also be strictly specimens of goods for sale.

RATES TO OTHER FOREIGN COUNTRIES.

For rates of postage, conditions of prepayment, limit of size and weight, and manner of wrapping matter addressed to other foreign countries, ask your postmaster, who is furnished with a monthly Official Postal Guide, containing all necessary information upon this subject.

UNMAILABLE.

Obscene books, letters, papers, pictures, and postal cards; lottery circulars and letters; liquids, gun-powder and other explosives, live animals (except queen bees), poisons, and any article liable to injure the mails or the persons of those handling them.

WEIGHING PACKAGES.

If you have no scales you should have all packages weighed at the postoffice. The postage must be prepaid in full; otherwise the packages will not be forwarded.

REFORWARDING.

Letters and packages will be forwarded from one postoffice to another upon the written request of the person addressed, without additional postage charge; but unclaimed packages cannot be returned to the sender until stamps are furnished to pay the return postage.

Kaffee!

Die große Wichtigkeit, welche der geröstete Kaffee

in den letzten Jahren als Stapel-Artikel im Handel erlangt hat, brachte natürlicher Weise ein Streben nach Verbesserung dieser Waare mit sich. Es ist bereits eine bekannte Thatsache, daß gerösteter Kaffee zu einem weit geringeren Preise zu haben ist, als er für die Kunden bezogen wurde, welche rohen Kaffee einkaufen und ihn rösten wollten. Die einzige Frage ist:

Bekommt der Käufer reinen Kaffee?

Nur verhältnißmäßig Wenigen ist bekannt, wie mannigfacher Art die Fälschungen sind, welche von diesen oder seinen gewissenlosen Individuen mit geröstetem Kaffee vorgenommen werden. Die heillose Anwendung von Chicorie, Erdäpfeln, Zucker, Gummi u. dgl. m. Alles nur behufs nachgeahmter

Glasur oder Läuterung des Kaffees

hat in Wahrheit weniger in den letzteren seinen Grund, als in der beabsichtigten Fälschung, Verbergung von mangelhaftem, oder schlechtem Kaffee und Erhöhung der Masse und des Gewichtes. Der Käufer von jedem Pfund sog. glasirten oder sich selbst läuternden Kaffees bezahlt für 1—7 Unzen gefälschten Stoffes, je nach der Gewissenhaftigkeit und Geschicklichkeit des Röstenden. Kunden können ihren Kaffee, wenn gewünscht, mit wenigen Kosten und ohne Anwendung von verdorbenen Eiern selbst eine Glasur verschaffen. Leute, die dein gerösteten Kaffee gebrauchen, sind dieses Betruges gewahr geworden und während sie den gerösteten Kaffee immer noch vorziehen, verlangen sie bessere und reinere Waaren. Um nun den heutigen Ansprüchen des Publikums zu genügen, habe ich ein zweckmäßiges Gebäude mit der neuesten modernsten Maschinerie für das Rösten von Kaffee herstellen lassen, so daß ich mit meinem

"DAUNTLESS ROASTED COFFEE"

jeder Concurrenz erfolgreich zu begegnen im Stande bin. Kaffee, ohne Frage absolut rein und unverfälscht, geröstet, von gesunden, süßen Bohnen des allerbesten Kaffees, im richtigen Verhältniß so delikat gemischt, um ein Bouquet von aromatischem Wohlgeruch zu erzielen und eines der angenehmsten und gesundesten Getränke daraus bereiten zu lassen. Wollt ihr also ein liebliches und zuträgliches Getränk, so sprecht einer Experten nach:

HULMAN'S DAUNTLESS ROASTED COFFEE!

Ich verpacke auch die verschiedenen Kaffees der besten Sorten separat unter dem Dauntless-Brand, was eine Garantie seiner Vortrefflichkeit ist, als:

DAUNTLESS MOCHA ROASTED COFFEE.

DAUNTLESS MARACAIBO "
DAUNTLESS CEYLON "

Glasur oder Läuterung des Kaffees

hat in Wahrheit weniger in den letzteren seinen Grund, als in der beabsichtigten Fälschung, Verbergung von mangelhaftem oder schlechtem Kaffee und Erhöhung der Masse und des Gewichtes. Der Käufer von jedem Pfund sog. glasirten oder sich selbst läuternden Kaffees bezahlt für 1—3 Unzen gefälschten Stoffes je nach der Gewissenhaftigkeit und Geschicklichkeit des Röstenden. Kunden können ihren Kaffee, wenn gewünscht, mit wenigen Kosten und ohne Anwendung von verdorbenen Eiern selbst eine Glasur verschaffen. Leute, die den gerösteten Kaffee gebrauchen, sind dieses Betruges gewahr geworden und während sie den gerösteten Kaffee immer noch vorziehen, verlangen sie bessere und reinere Waaren. Um nun den heutigen Ansprüchen des Publikums zu genügen, habe ich ein zweckmäßiges Gebäude mit der neuesten modernsten Maschinerie für das Rösten von Kaffee herstellen lassen, so daß ich mit meinem

"DAUNTLESS ROASTED COFFEE"

jeder Concurrenz erfolgreich zu begegnen im Stande bin—Kaffee, ohne Frage tadellos rein und unverfälscht geröstet, von gesunden, süßen Bohnen des allerbesten Kaffees, im richtigen Verhältniß so delikat gemischt, um ein Bouquet von aromatischem Wohlgeruch zu erzielen und eines der angenehmsten und gesündesten Getränke daraus bereiten zu lassen. Wollt ihr also ein liebliches und zuträgliches Getränk, so fragt eure Groceristen nach

HULMAN'S DAUNTLESS ROASTED COFFEE!

THE GREAT IMPORTANCE WHICH

ROASTED COFFEE

Has of late years required as a staple, has naturally suggested the better development of this branch of trade. It is already an established fact that Roasted Coffee can be purchased at a much less expense than the consumer can purchase Green Coffee and roast it. The only question is:

DOES THE CONSUMER GET PURE COFFEE?

Comparatively few people are aware of the extensive Adulterations to which Roasted Coffee is subjected. The Pernicious use of Glucose, Grape Sugar, Gum Arabic, Eggs, &c., for the

GLAZED OR SO-CALLED SELF-SETTLING COFFEE

Is not so much for clarifying and settling Coffee as for ADULTERATION, hiding defects of poor Coffee and increasing WEIGHT and BULK. The purchaser of every pound of so-called Glazed or Self-Settling Coffee pays for from one to three ounces of adulteration, the amount being determined altogether by the conscience and skill of the Roaster. Consumers can glaze their own Coffee, if desired, at less cost and without the use of decayed eggs or other injurious matter. People who have used Roasted Coffee are becoming aware of this adulteration, and with a preference FOR Roasted Coffee, are demanding better and purer goods.

In order to meet this demand I have erected a building and fitted up the most modern and improved machinery for roasting Coffee, and am enabled to meet and vanquish all competition, by placing in market

DAUNTLESS ROASTED COFFEE!

Which is, without question, perfectly PURE and UNADULTERATED, being roasted from

SOUND, SWEET BERRIES OF THE BEST HIGH GRADE COFFEES.

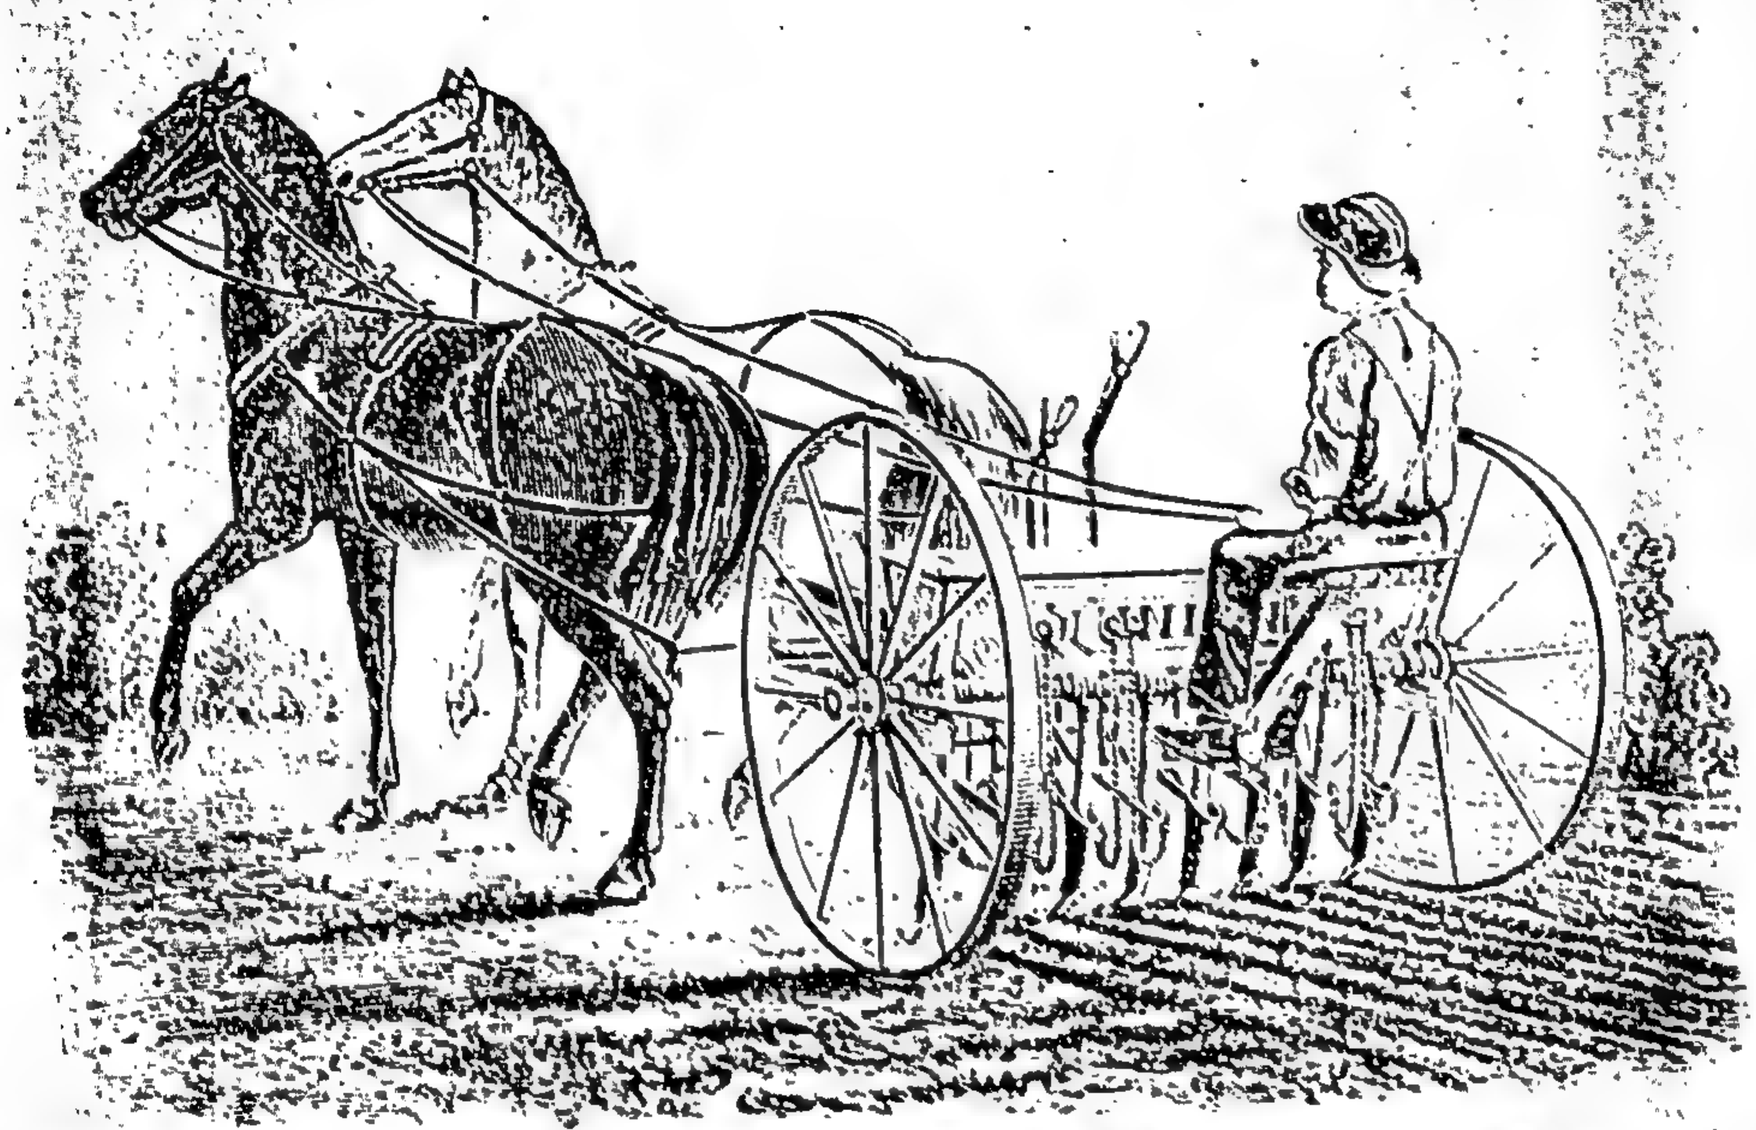
33 "UNION" DRILLS.

A SUCCESS IN

VIGO AND CLAY

COUNTIES IN 1881



The "UNION" Wheat Drill.

1. THE ONLY DRILL MADE DOING AWAY WITH ALL GEAR WHEELS! A positive "Force Feed."
2. The Feed Cups are placed directly upon the axle.
3. THE ONLY DRILL MADE WITH AN EASY SEAT FOR THE DRIVER.
4. The driver riding balances the weight off horses' necks.
5. The Hoes are easily operated by levers when riding or walking.
6. The Wheels are six inches higher and one-half inch broader than any other Drill on the market. This is the reason why,
7. The draft is just as light with the driver riding in the seat, as the draft of any Low-Wheeled Drill is, when the driver walks.
8. The driver can operate the Hoes and the team when riding back of the seed box, much easier and more effectively than when walking.

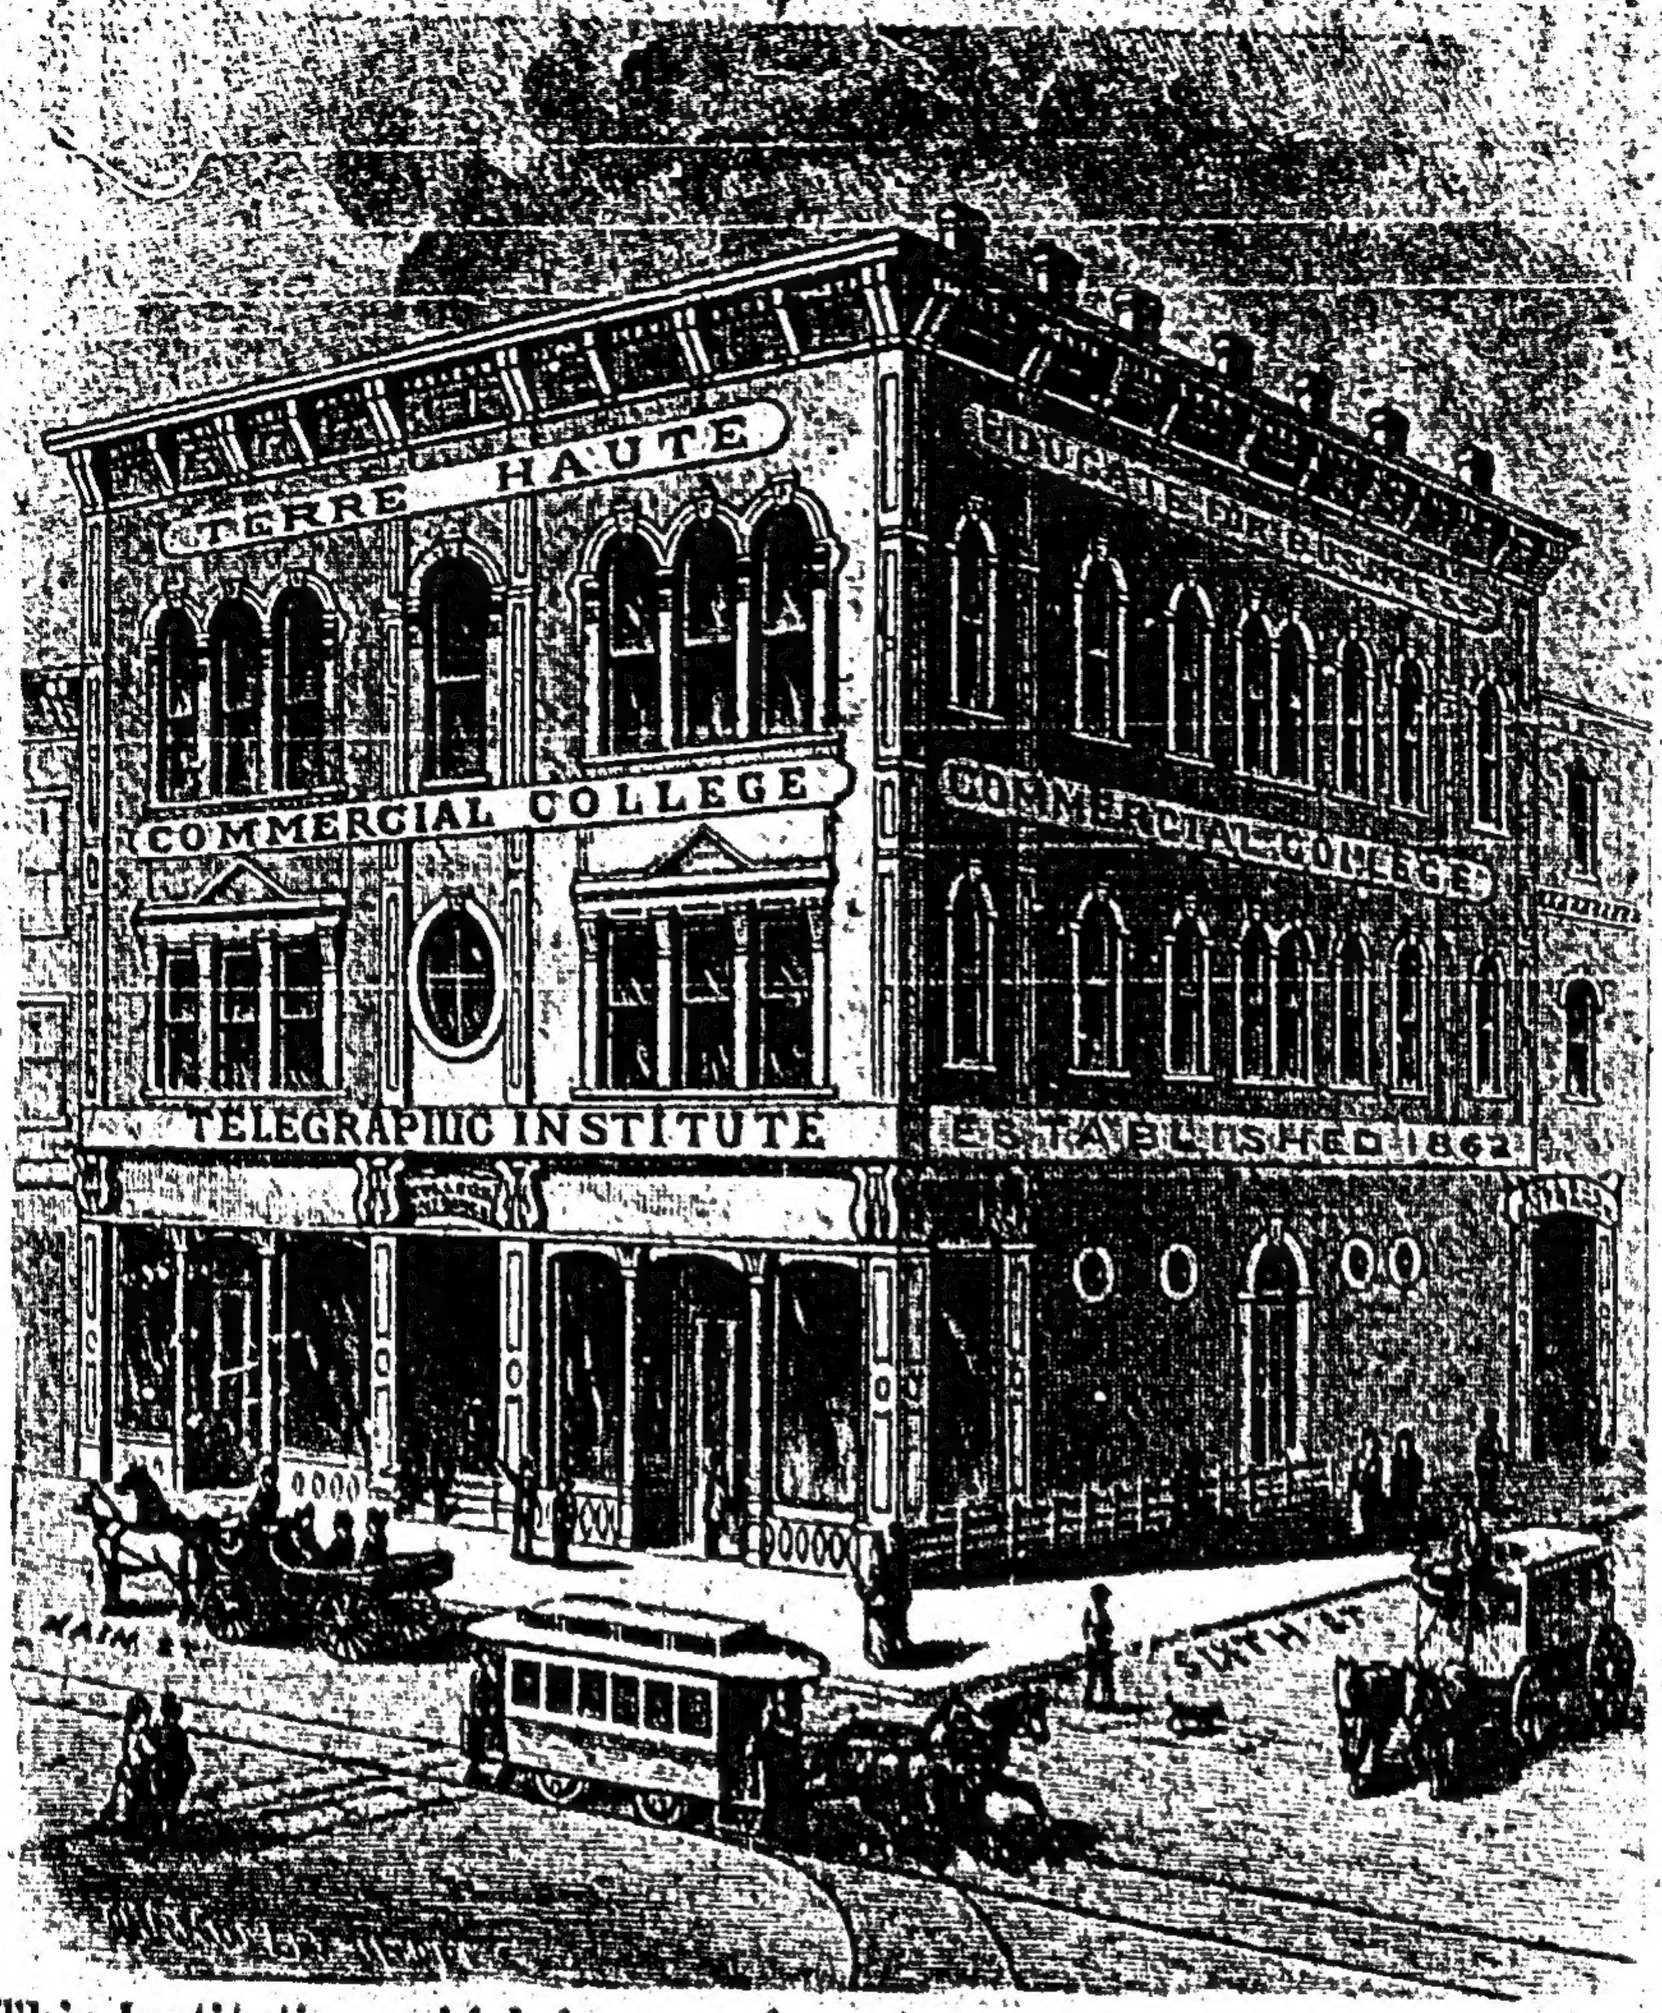
OLD AND RELIABLE!



This Institution, which has now been in constant and successful operation for upwards of nineteen years, affords advantages for the thorough practical education of young men and women possessed by no other school in the west.

WHY WE HAVE ADVANTAGES UNSURPASSED.

First—The College is located in one of the most flourishing, beautiful and healthy cities of the West. Second—The College occupies larger and finer rooms than any similar institution. Third—The proprietors and teachers are practical business men, having had years of experience. Fourth—It is the least expensive to the pupil, as all text books, manuscripts, etc., are free to the student. Fifth—The result arising from the above advantages has given us a patronage that we do not hesitate to say is larger than any (strictly Business College) in the West.

TELEGRAPHY.

This department offers superior advantages, using full main line circuit, and is superintended by a practical Western Union man. There is a constant and increasing demand for good operators, and, as far as we know, all of our students have been successful in procuring good situations. Let us know about the time you will enter so we can have the necessary arrangements for your accommodation. For terms, giving full particulars, address,

UTE, IND., March, 1882. INSKEEP & MILLER.
